Monetary. WARRINGTON, Tuesday Evening, June 29. The guaranteed 3-65 bonds were much stronger and more active in New York to-day. The trans-actions at the board amounted to \$40,000 at 75% an advance of 1/4 per cent. on yesterday's rates. Sherman & Frant, No. 1425 F street, quote the following buying and selling rates for Governments, gold, &c.:

Stocks opened at a fraction below yesterday's closing, advanced during the day, and closed strong. Western Union was most prominent for strength and activity.

The following are the closing rates for stocks as telegraphed to Sherman & Grant:

The sub-Treasury balances at New York to-day were: Gold, \$10,800,500; currency, \$55,797,551. The Sub-Treasurer paid out \$41,784,000 on account of interest, and \$75,000 for bonds. Customs receipts, \$555,000.

The amount of builton gone into the Bank of England on balance to-day is £285,000 Commercial.

The Mark Lane Express, in its weekly review of breadstuffs market, says: "Owing to floods in France, and unfavorable reports from America, the market is hardening. Northwestern Europe has been favored with plenteous rains, while the Eastern and Southern portions of the continent are suffering from drought. The prospects are variable, and a general abundance is not to be relied upon. Germany and England have the best prospects, and Prussia, Hungary and France the worst."
